INDIVIDUALLY PLANNED CURRICULUM

- ECON 302 Inter Microeconomic Theory *or*
- ECON 303 Inter Macroeconomic Theory

No specific course requirements.

•Students enrolled in this option must work with their academic advisors when selecting courses. The list of courses agreed upon by the student and advisor must be signed and submitted to ACES Academic Programs at least one semester prior to graduation. It is strongly recommended that students begin to work with their advisors early in their programs and on a regular basis.

OPTION RECOMMENDATIONS¹¹

This option provides maximum flexibility to design - in consultation with your advisor - a program that fits your interests. Some students will select courses from several of the other ACE options.

Students preparing for graduate study should complete upper division courses in their areas of interest (e.g. economics, management) as well as courses in mathematics and statistics.

Students preparing for law school should complete at least one law course such as ACE 403 Agricultural Law.

¹ Example 8-semester plans are available for each ACE concentration at www.ace.uiuc.edu

² Courses eligible for General Education credit are listed at www.provost.uiuc.edu/gened. Courses should be selected in consultation with your academic advisor.

³ Requirement must be satisfied prior to registering for the 3rd semester. The listed courses are suggested. The writing requirement may be also filled through satisfactory completion of: RHET 108 or (103 & 104) or (100, 101, and 102). The speaking and writing requirements may be fulfilled together through satisfactory completion of SPCM 111 and 112 or ESL 114 and 115.

⁴ Students are strongly encouraged to complete the Advanced Composition requirement no later than their 6th semester.

⁵ Coursework at or above the third level is required for graduation.

⁶ Requirement must be satisfied before registering for the 5th semester. MATH 125 or 230 is accepted in lieu of MATH 124.

⁷ ECON 202 and 203 must be selected for curricula requiring FIN 221.

⁸ Credit in ACE 161 and 261 do not count toward the required 20 hours in ACE.

⁹ Credit may not be received for both ACE 100 and ECON 102.

¹⁰ Requirement may also be fulfilled through at least 12 hours of credit earned in ACES 299 or other approved study abroad courses.

¹¹ Approved internships or study abroad credit may count as open electives.
